INDEX TO VOLUME XXXI.

A

Alloys, Brazing or the Jointing of Metals by Means of Non-ferrous, 205.
Alloys, Die-Casting, 460.
Alloys, Melting White Bearing, 165.
Alloy, New Aluminium, Alpax, 161, 177.
Alloy, New Chrome-Nickel, 55.
Aluminium-Alloy Castings, 527, 539.
Aluminium Alloy, New, Alpax, 161, 177.
American Arbitration Bar, 363.
American Exchange Paper, 59.
American Foundrymen's Convention, 278.
American Pattern Standardisation, 59.
Analysis of Defective Castings, 208, 229.
Analysis of Defective Castings. Discussion on Mr. E. Longden's Paper on, 271.
Ancient Metal Workers' Blunders, 272.

Annual Dinners :—

Birmingham Branch, 80.
East Midlands Branch, 211.
Lancashire Branch, 166.
London Branch, 38.
Newcastle Branch, 145.
Scottish Branch, 110.
Sheffield Branch, 64.

Annual Meetings :—

Birmingham Branch, 434.
East Midland Branch, 139, 373.
Lancashire Branch, 330.
London Branch, 441.
Newcastle Branch, 438.
Newcastle Junior Branch, 397.

Apprenticeship, Note on, 438.

B

Basic Principles Underlying the Manufacture of Semi-Steel, 306.
Bell for Italian Soldiers, War Memorial, 44.
Brasses and Bronzes, 102.
Brazing or the Jointing of Metals by Means of Non-ferrous Alloys, 205.
British Industries Fair, 120.
British Iron and Steel Industry, Condition of the, 168.
British Research Work, 421.
Bronze Castings, Making South Africa's Largest, 113.
Bronze Founding, Modern Problems and Developments in Engineering, 3.
Bronze Foundry, Application of Metallography in, 491, 513.

C

Campion Blast Meter, 24.
Carbon and Alloy Tool Steel, Composition and Heat Treatment of, 356.
Castings, Aluminium-Alloy, 526, 539.
Castings, Defective Valve, 228.
Castings for Diesel Engines, 321, 347.
Castings for Machine Tools, 341, 369.
Castings, Importance of Venting with Special Reference to Defective, 449, 471.
Castings, Inspection of, 202.
Castings, Manufacture of Chilled, 456.
Castings, Use of Chills in Marine Engine, 265.
Castings, White Deposits on, 45.
Cast Iron, Desulphurisation, Degasification and Deoxidisation Process for High-Duty, 376.
Cast Iron, Desulphurisation, Expulsion of Gases, and Refining of, 248.
Cast Iron, Future Improvement of, 181.
Cast Iron, Graphite Eutectic in, 353.
Cast Iron, Graphitisation of, 258.
Cast Iron, Heat Resisting, 549.
Cast Iron Houses, 559.
Cast Iron, Improvement of by Alloy Additions, 331, 345.
Cast Iron, Mechanical and Physical Properties of, 545.
Cast Iron Research, 525.
Cast Iron, Some of the Factors which Influence the Strength of, 67.
Cast Iron, Structural Composition of, 155.
Cast Iron, Testing for "Life" of, 52.
Cast Iron, Transverse Test of, 350.
Cast Irons, Low Temperature Heat Treatment of Special, 617.
Centrifugally-Cast Pipes, 55.
Chinese Iron and Steel Foundry, New, 286.
Cleaning Castings, 79, 99, 119.
Clerical Work in the Foundry, 364.
Cogne-Girod Electric Steelworks, Aosta, 387.
Committee on Industry and Trade, Work of the, 112.
Composition and Heat Treatment of Carbon and Alloy Tool Steel, 356.
Composition of Cast Iron, Note on the Structural, 196.
Compositions, Iron-Cementing, 273.
Concrete Hardening, 189.
Contraction and Sullage Troubles, Some Methods of Overcoming, 25.
Construction of a Small Foundry Laboratory, 280.
Conveyance of Material in the Foundry, 188.
Copper, Note on the Effects of Certain Elements on the Electrical Resistivity of, 228.
Core Production, Economics in, 372.
Cores in Moulds, Securing, 138.
Cores, Oil-Sand, 315.

Correspondence :—

American Arbitration Bar, 400, 421.
B.C.I.R.A. Associateship Grade of Membership, 340, 363.
Blast Heating for Foundry Cupolas, 116.
Communism Amongst the Miners, 65.
Conference on Castings for Diesel Engines, 362.
Defacement of Light Grey Iron Castings, 198, 252.
Designing a 4-Ton Cupola, 124, 132, 152.
Desulphurisation of Cast Iron, 196, 252, 290.
Draughtsman and the Foundry, 252.
Electric Furnace Practice, 278.
Eye-Protection in Industry, 448.
International Test-Bar Situation, 558.
Marine Castings and the Price of Ships, 320.
Microscope as a Foundry Adjunct, 428.
New Salesmanship, 22, 81.
Plastic Wood, 86.
Refractory Materials, 263.
Semi-Steel, 320, 340, 426.
Silacene Competition, 258.
